Dear Mr. Weisberg,

After spending a couple of weeks at the University of Nevada this summer, my interest has been rekindled in the assassination of President Kennedy. All of my classmates talked on the subject during class breaks. Many of them recommended reading Time of Assassins by Vlov G.K. Lebocq. When looking through my scrapbook I noticed an article in Ramparts magazine also recommending his book. It also said he read all of your books and I just wondered if you could send me his address and any information on books you have published recently as I have all of your other books. Also does D.A. Garrison plan to bring charges against anyone else after his failure to pin Shaw? Any help would be appreciated.

Thank you Charles Sanderson
